

(10) Clare Hollingsworth of Edmonton, Alberta, in his letter of 17 August 1982, describes his recent visit to Niagara Falls (July 8). He received there, at the meeting of the Canadian Federation of Teachers, a Fellowship, the highest level of membership, for his forty years of teaching, administration and contribution in curriculum work, teacher supervision and innovative work in the field of business education, an honorary degree, Fellow of the Canadian College of Teachers, or FCCT! Congrats again, Clare. (He is also a first class amateur genealogist, one of the few from our Wexfords!)
